These 201 students participated in the KTM Bekiut Club where, together with the staff of the Kollel, they studied various Torah and Halachic texts and topics of Jewish thought, geared to their levels of interest and capabilities. They developed a love of Torah and an appreciation for Jewish study outside of school hours and unrelated to tests and grades. They will be recognized publicly for their commitment to Torah study.

Special thanks to Dr. Reuven Singer for his initiative in establishing the Bekiut Club.
